## FORWARD

Shree Narad Adarsh Education Campus stands as a vital pillar in the community, serving as a non-profitable institution dedicated to providing higher education opportunities. The campus is located at the Chaudandigadhi Municipality, Basaha, within the Udayapur district of Nepal. Affiliated with the prestigious Tribhuvan University and

recognized by the University Grants Commission (UGC) of Nepal, this academic institution excels in offering bachelor degree programs specializing in Bachelor of Education (B.Ed.).

We extremely grateful to those dedicated individuals who tirelessly devoted their time and effort to bring the strategic plan to completion. Additionally, my gratitude extends to those who contributed valuable strategic data and information to the planning process.

We truly thankful for the Campus management team, the dedicated faculty members, the hardworking staff, the motivated students, and the essential key stakeholders, whose valuable contributions and insightful ideas have been instrumental in the continual advancement and growth of our campus.

Finally, we do hope that the prepared comprehensive strategic plan, designed with precision and insight, will serve as a pivotal cornerstone in the ongoing journey of Shree Narad Adarsh Education Campus, fostering substantial progress, enhancing educational standards, and creating a dynamic environment conducive to growth, innovation, and excellence for all stakeholders involved in shaping the institution's bright and fruitful future.

## SECTION ONE: INTRODUCTION

### 1.1 Context and Rationale

Narad Adarsha Education Campus has been serving the educational needs of Eastern Udayapur district, south of Khotang and Bhojpur, as well as the northern part of Saptari district for two decades. Students in these areas had a compulsion to go either to Biratnagar or Dharan for higher education. Access to higher education in Nepal had been limited to a few urban areas. Therefore, students of marginalized (class, caste, sex) had only a dream of higher education. Many SLC passers were deprived of higher education.

During the 2030s, there were no campuses in the Sagarmatha zone. In 2041, Triyuga Multiple Campus was established in the headquarters of the Udayapur district, at Gaighat. But due to the disconnection of the road to Gaighat, the students of this area were unable to access higher education. Keeping all those in concern, Narad Adarsha Education Campus was established in 2060 B.S., having affiliation of T.U. in the eastern part of Udayapur district, Basaha V. D.C, with the effort and participation of academicians, intellectuals, social workers, parents and inauguration of Basaha Sewa Samaj (BSS) Kathmandu. Now there are 7 community campuses in this district.

### 1.2 Purposes

The strategic plan of Shree Narad Adarsha Education campus has the following purposes.

- i. Improve the infrastructure of the campus,
- ii. Manage efficient manpower,
- iii. Reform the instructional approach, method and techniques,
- iv. Standardize the delivery of campus,
- v. Strengthen the financial situation of the campus.
- vi. To Achieve the QAA.

### 1.3 Process Adopted

The campus strategic plan is prepared in consultation with the campus management committee, teaching staff, non-teaching staff and stakeholders.

After the selection of the campus for the Higher Education Reform Project by the university grants commission, a preliminary meeting of the campus management committee was held on 2078/03/26 B.S., as per the requirement of the UGC, initial steps were taken to formulate a 10-year strategic plan. The meeting formed a 5-member campus strategic plan committee (Annexe-2) and revised the strategic plan committee (Annexe3). The committee organized a one-day workshop, which formulated the vision, mission, goals and strategic plan. The workshop first overviewed the SWOT. After the overview, the workshop approved the strengths and weaknesses, kept the strengths as it is, and assembled the suggestions to improve the weaknesses. A grand discussion compiled a list of opportunities and threats. In addition, the workshop reformed the necessary statements of vision and mission. At last, it finalized all the points of SWOT. On the second shift, the participants were divided into groups for the discussion of the following agenda.

- a) Institutional development,
- b) Infrastructural development,
- c) Research consultancy and extension,
- d) Publication and documentation,
- e) Sustainable development of the overall institution
- f) Based on the outcome of the workshop and consultation with the campus management committee, a preliminary strategic plan was prepared. The draft was shared with the campus chief, lecturers, and representatives of the stakeholders for their review and comments. Based on feedback and comments of the final draft was prepared and presented to the CMC. The committee approved it after a grand discussion. The revised strategic plan was then submitted to the HERP and the University Grants Commission.

#### 1.4 Participants of the Planning Workshop

The following people were involved in the workshop.

- (i) Campus Management Committee,
- (ii) Teaching staff
- (iii) Office staff
- (iv) Representative of the Students' Union

#### 1.5 Outline of the Strategic Plan

The structures of the Campus strategic plan consist of the following sections:

Section I: It consists of the background of the plan, the process adopted and the related stakeholders.

Section II: It consists of the institutional profile of the campus. It consists of the developmental trend of the campus, such as physical facilities, student enrollment, human resources, extracurricular activities, and financial activities.

Section III: It consists of the development trends. In this section, physical infrastructure, academic program, students' enrolment, examination and results, human resources, faculty, operational income and expenditure and student dropout trend.

Section IV: It consists of strengths, weaknesses, opportunities and challenges (SWOC) of the campus are analyzed.

Section V: Included Vision, mission, goal, objectives, focus areas, strategies, core values and principles.

Section VI: It consists of the determining long-term plan.

Section VII: It consists of the specific action plan.

Section VIII: It consists of the implementation of the strategic plan.

#### 1.6. Expectation of the Plan

On completion of the implementation of this strategic plan, the campus will achieve most of the purposes and the objectives stated in this plan.

## SECTION TWO: INSTITUTIONAL PROFILE

### 2.1. Historical Background

Since the constituents' campuses of T.U. were unable to meet the demand of higher education in remote areas, T.U. encouraged to opening of educational institutes and Campuses. As a result, several public campuses and private campuses were established nationwide. In that course, NAEC was established in 2060 B.S. at Basaha V.D.C in the name of freedom fighters of the 2007 movement against Rana's regime and former forest minister late Naradmuni Thulung. It offers a bachelor's degree program in Bachelor of Education (B.Ed.).

The campus is away from the city's hassle and pollution. It stands in an ecologically tranquil, peaceful, cosy and attractive place. Since its establishment, it has been imparting quality education with enough facilities. The role of Narad Adarsha Secondary School is crucial to the establishment of the campus. The school contributed by providing building and physical features in the beginning years, and later handed over 2 bighas of land to develop physical infrastructures.

The campus is spread over 2 bighas of land, has its modern building with spacious hostel rooms that accommodate 22 students, and the rooms contain well-equipped furniture of a medium size. Students from remote areas are managed to settle in a hostel with minimum facilities.

### 2.2 Assessment of present status

NAEC is an autonomous institution in every respect. However, as a T.U. affiliated campus, NAEC is governed by the T.U. rules and regulations, curricula and examinations. It has its premises of 2 bighas area with 5 blocks. The required numbers of non-teaching staff and teaching staff are decided by the campus authority based on the heads of departments and coordinators. The selection committee is responsible for recruiting the teaching and non-teaching staff. For recruitment, notice is published in the campus board, and a vacancy announcement notice is advertised in local/national newspapers. Written and oral examinations are applied to elect teaching staff, and written and practical examination is held for nonteaching staff. A demonstration class is compulsory for the teaching staff.

NAEC has clearly defined its goals, objectives and standards, including background information, vision, mission, and strategic plan. It is a

community-based campus and is being operated management committee elected by the campus assembly. Any Nepali citizen can be a member of the assembly according to the rules and regulations of the campus. The campus is a nonprofit and philanthropic organization which is devoted to providing quality education to marginalized disadvantaged, and backwards classes. The campus aims to bring forth highly qualified, dedicated and responsible human resources to compete and prove to the global market. The campus assures to teach life along with books and curricula. NAEC endeavours to expand and strengthen the academic plans, programs and strategies.

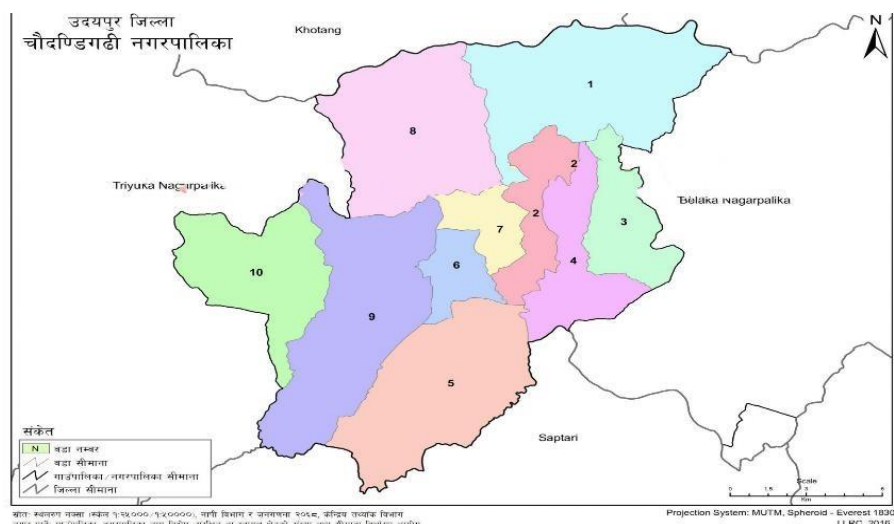

### 2.3 Geographical Location and Socio-economic Status

NAEC is located in the eastern part of Udayapur district, Chaudandigadhi Municipality, Basaha village.

It is situated at an altitude of approximately 360 meters above sea level. The campus is to Madan Bhandari highway, 500 meters south of Naradmuni Thulung Chowk. The land was managed by the former forest minister, late Naradmuni Thulung.

Chaudandigarhi municipality is one of the four municipalities of the Udaipur district. In 2073, when the municipality was declared, in Chaudandi Municipality, Basaha, Beltar, Chaudandi, Siddhipur, Hadia and Sundarpur were merged into it. According to the National Census 2078, the total population of Chaudandigadi Municipality is 53,631, and there are 12,703 households.

The most spoken language in the municipality is the Nepali language, which is spoken by 25,035 people. Other languages such as Tharu (7,138), Chamling (3,011), Bantwa (2,780), Magar (2,545), and Maithili (1,946) are also spoken. Rai people are mostly inhabited in the municipality with 11,814 individuals. Chhetri (11,082), Tharu (7,215), Magar (3,464), Kami (3,070), Bahun (2,305) are also inhabited gradually.

## 2.13 Student welfare and scholarship

The campus provides scholarships or free-ships for disadvantaged groups, Dalit, students from remote and poor families. The campus provides full free-ship to physically disadvantaged students.

## SECTION- THREE: DEVELOPMENT TREND

### 3.1 Physical Infrastructure Trend

NAEC has 5 building blocks. Out of it, one 18-room RCC building is a twostorey building. The remaining 4 buildings are single-stored RCC. One is the trust of 4 rooms. All instructional rooms are spacious enough. Most of the furniture is modern. Nowadays modern type of classroom furniture, armed chairs with side mini-tables, has been built. Most of the instructional classrooms accept the RCC rooms. One playground has been built, Students can play volleyball, badminton, etc. on this ground. Of the buildings, 2 are hostel buildings, one of which consists of 7 rooms and another 2 rooms.

One of the floors is concreted and another is paved.

There is managed drinking water at campus. It is reserved in reserve tank. There is water sealed 6 toilet rooms: 3 male and 3 female. But they are not completely feminine and handicapped friendly. There is supply of electricity at campus. It is supplied to the buildings. Permanent wiring has not been made in all the classrooms.

### 3.2 Academic Development

NAEC was established in 2060 B.S. From then Bachelor's level of education faculty with specializations in Nepali, Economics, and English. It is initiated bachelor's degree in population as minor subject in 2080 B S . It intends to launch the Bachelor's in Business Studies and the master in Education soon.

### 3.3 Faculty Development Trend

NAEC was established with the faculty of Education in 2060 B.S. A separate Education Department was established under the head of Mr. Kumarsing Karki in 2061. There were the programs of Nepali, economics and English. Now, every department is managed by a faculty assistant. The campus chief and every faculty depart runs in a separate office.

### 3.4 Human Resource Development Trend

Narad Adarsh Education Campus lacks a proper human resource development trend. NAEC participates in different seminars, workshops,

meetings and discussions organized by T.U. and other related organizations and institutions. It sometimes organizes informal meetings and discussions, including the members of the management committee, political parties, representatives of 15 student organizations, campus staff and other stakeholders. But all these are non-scheduled. We have not yet made an operation calendar and put it into practice.

### 3.5 Operational Income and Expenditure Trend

NAEC has appointed an accountant to handle the income and expenditure of the campus. It keeps a record of all the income and expenditure. It has opened accounts in Rastriya Banijya Bank, Beltar, Rastriya Banijya Bank, Kirtipur and all the expenses are made through banks. Also, there is a standing finance committee under the chairmanship of a management committee member. It keeps an eye on the monetary transactions. Every year, there is a provision of social auditing from CMC, and after an auditor is appointed to look into the system of transactions.

## SECTION FOUR: SWOC ANALYSIS

### 4.1 Strengths

- Support and commitment of all political parties and a good relationship with local communities.
- Adequate lands for the development of physical infrastructure.
- Highly experienced teachers and staff members.
- Committee assembly and management committee officials, and members.
- The population are growing gradually, and there are immense opportunities to introduce new programs (BIT, BCA, BBA).
- Regular support from UGC and government bodies
- Nearby, from the road (Madan Bhandari Highway), connectivity
- Affordable fees for a medium-sized family
- Increasing number of students, with over 70% female students
- Endorsement and development of the needed policy to run the campus.

### 4.2 Weakness

- Lack of a sustainable financial source
- Lack of E. Library
- Lack of a capacity development program for teachers
- Lack of ICT, ICT-friendly class
- Inadequate number of administrative staff
- Insufficient equipment and technology

### 4.3 Opportunities

- May provide educational leadership to the eastern mid-terai region, Udayapur and neighbouring districts, Bhojpur, Khotang, and Saptari.
- Possibility of an increased number of students from disadvantaged Dalit, Janjati, who aspire for reasonable fees
- Can provide educational leadership in higher education, as there are a large number of feeder schools.

### 4.4 Challenges

- Challenge of providing quality education by changing the affordable amount of fee amount

- Strengthen and enhance the quality to attract more students
- Lack of a clear policy of the government on public campuses
- Challenge to recruit and retain qualified teaching faculty
- The challenge of meeting the requirement to mention the quality of education
- Minimize high dropout brain drain
- The challenge is to provide technical and skilled education
- The challenge is to make students competent enough in an advanced and complex world.

## CHAPTER FIVE: VISION, MISSION, GOALS, CORE VALUES, GUIDING PRINCIPLES, OBJECTIVES, PROGRAMS, STRATEGIES

### INSTITUTIONAL VISION

To enable students to achieve academic goals and develop successful professional personalities and continuous learning through quality education.

### INSTITUTIONAL MISSION

Maximizes equitable, accessible, affordable and quality higher education.
